

Master Player Rule

The ILTPDA has revised its qualifications for the Master Player List by combining the 1st Place Team winners from the prior year's Illinois State Championship to the already existing VNEA Master Player List. Players placed on the Illinois Master Player List for participating on a 1st Place team in the ILTPDA State Championships prior to 2004 shall remain on the list until they have competed as a Master at the ILTPDA in 2 team events. Players placed on the Illinois Master Player List for participating on a 1st or 2nd Place team in the ILTPDA State Championships in 2004 or after shall remain on the list until they have competed as a Master at the ILTPDA in 2 team events Players placed on the VNEA Master Player List from the results of the VNEA International Tournament shall remain on the list for a period of two (2) years. Also be aware that 'Open Teams' are not allowed any Professional Players as deemed by VNEA criteria.

Ladies that have been placed on the Master List as a result of competition in a women's event may play as a regular player in the Open event.

For your convenience we have included the following list of Master Players as listed from Illinois. Players that may come from a different state may also be on the list, but are not included below. Please be sure to check with the Tournament Director if you feel you may have an out of state player that may not be on this list.
